

Cyclopark announces the appointment of a new Chair of the Board of Trustees.

Cyclopark announces the appointment of a new Chair of the Board of Trustees.

From December 2022, Norman Blissett will be handing over the baton to Kim Lloyd.

In Cyclopark's tenth anniversary year, the Board of Trustees are looking to build on progress so far and continue to develop links with key stakeholders that will help to boost their ambition, as well as nurture grassroots cycling.

Kim has a strong cycling background, as well as keen business acumen that will drive the Cyclopark Trust's charitable ambitions to improve access to cycling and the health and wellbeing of the local community.

As a keen cyclist for several years, Kim is now regularly seen supporting others in various cycling disciplines, including her own children, who have all benefitted from the facilities at Cyclopark and have progressed to be part of the Team GB program.

Kim said:

"I will be personally involved in driving a closer link to our stakeholder with local clubs, focus on grassroots and the new pathway to launch in the Spring."

The announcement comes as Cyclopark and Kent County Council have agreed a new operating agreement that secures the future of Cyclopark facilities until 2032.

Norman Blissett, who, as Chair, has overseen the growth of Cyclopark over the last ten years and the development of a Strategic Plan for the next four years, said:

"I have thoroughly enjoyed supporting Cyclopark in achieving great things over the last ten years, including getting more people on their bikes to boost the health and wellbeing, nurturing Olympic and Commonwealth Games winning athletes, and, even a Royal visit.

You can visit the website www.cyclopark.com to find out more about the world-class accessible facilities available to all.
